7:00 PM
at
The Field

There wasn't a lot of news this month, but here is a summary of club activity.

As you may recall, we will not be having a **swap meet** this year, primarily since we unexpectedly lost access to the location we used last year. I've been told that our neighboring Westlake club is planning a swap meet for late October, and our members are welcome to participate. If I receive details, I will pass them along.

Things have gone well at **the field**, but mice have become a bit of a nuisance in the shed, and caused some minor damage. So, we are considering counter measures to address this.

Though the Huskee tractor exhibited odd behavior during a cut last month, it has since been used a couple more times without incident. Since this mower is rarely needed, we will just see how it runs the rest of the season.

Per member recommendation, white poles have been installed at each end of the field, to indicate the center of the runway. They are short and far enough away to not be an obstacle, yet visible enough to aide in your approach to landing on the fabric.

We agreed to not apply weed killer (via weed & feed) for future lawn treatments. Though the grass continues to fill in, we hope to accelerate the process by allowing more vegetation to fill in the bare spots. We may also aerate the field in the spring.

Our **Fun Fly** on the 18th was ultimately rained out. Our next one is scheduled for Saturday, **September 14**.

I have not received any details on the rescheduled **EAA Family Fun Day** at *Hinde Airport*, but if it does take place we plan to have some members participate. The new date was given as September 22, and I will updated you as I learn more.

Jeff Williams
Secretary, LZRC
