EAA at Hind Airport  
Fun Fly  
New meeting day/time

## Next Meeting

Thursday  
May 16, 2019

7:00 PM  
at  
The Field

2019 **Membership cards** were handed out to those at the meeting. Next time you see me, feel free to ask for your card. I'll try to bring them to each club function.

If you plan to maintain your club membership for 2019, **please submit your dues ASAP**, so we can wrap up administration tasks and budgetary planning. And please ensure your AMA membership is up to date. Conversely, if you do not plan to remain in the club, such notification is appreciated. No explanation is necessary, but if there is a reason we may be able to address in the future, we would welcome your feedback.

Bill provided an excellent demonstration of basic **first aid**, and will make some additional supplies available at the field this year. Further improving our **safety efforts**, we will have life vests available for the row boat. And we are looking into simple signage at the field entrance, primarily to make it easier for authorities or emergency personnel to promptly locate us if the need arises.

The annual **mower prep day** was held at Bill's place Saturday April 20th. Thank you to those who came to help.

Bill has already spread weed & feed, rolled the field, and installed a new wind sock, though we may need a more solid mount for the sock. We can begin **mowing** as soon as the weather permits. By this time we should have a lawn roller ready to use again, and suggest rolling at the same time for the first few cuts. A clipboard will be kept in the shed so that mowing volunteers can sign in to be compensated. Thanks to Norm for recently repairing the runway center strip tape.

Other than some **pothole** maintenance this spring, no changes are anticipated for the access lane at the field this year.

Though our neighboring club (LCRC, Elyria) has not held their annual "**Model Mania**" event for a few years now, our mutual member, Jim Kingsley, proposed having a joint event with them in August, and will follow up with them.

The **Marysville chapter of EAA** is scheduled to visit Huron's *Hind Airport* on June 15th, and we've been invited to participate. Details coming soon.

Our first **Fun Fly** is scheduled for Saturday, May 4th, but the forecast is not encouraging. So, watch your email for updates.

Please note that we are going back to Thursdays for our monthly meetings this summer, and due to multiple conflicts, our **next club meeting** will be pulled ahead one week to **Thursday, May 16** -- 7:00 PM at **The Field** (weather permitting).

Jeff Williams  
Secretary, LZRC
